Supplemental Accident

Most of our members choose to add a supplemental accident policy to their main coverage. These plans, available through *separate* insurance companies, cover 100% of the expenses related to an accident or injury after a \$100 deductible.

Because accidents are the most common reason most people end up using their health insurance, having a supplemental accident plan can greatly reduce your exposure for just a small additional monthly premium.

Any amount that the accident plan pays can go toward paying qualified expenses that contribute to your deductible on your health insurance plan. So if you carry a high deductible on your health insurance plan and are hospitalized for an accident, it is likely that your accident plan would cover all but \$100 of your health insurance deductible.

We offer two different level accident plans. One plan has a \$5000 accident limit, the other has a \$10,000 per accident limit. Monthly premiums are only \$22 for the individual \$5,000 plan, \$35 for the family \$5,000 plan, or \$34 for the individual \$10,000 plan and \$47 for the family \$10,000 plan. Payment can be made via credit card or automatic bank draft.

Please fill out *either* the \$5,000 or \$10,000 accident application, and submit it along with your health insurance application.

Free Special Reports

Part of our mission is to keep our customers well-informed on additional ways that they can save money, reduce their taxes, and best insure their health and their lives. We are proud to make the following special reports available, at no cost to you.

Health Reimbursement Arrangements

A Health Reimbursement Arrangement (HRA) can enable your business to pay for your health insurance and other out-of-pocket medical expenses as a tax-free fringe benefit. This can reduce your FICA taxes, and if you are an S-corp owner it is the only way you can write off 100% of your health insurance premiums. Many small business owners use an HRA to reimburse their employees for individual health insurance premiums, saving thousands of dollars every year. Please check which report you would like, and we will send it right away:

Term Life Insurance

Term Life Insurance rates are lower than they have ever been. This report includes a worksheet to help you determine how much life insurance you should carry, and explains clearly what your options are and how to find the best rates. If you would like this report, please check the box below and we will send it right away.

The Consumer's Guide to Life Insurance

Help HSA for America Spread the Word about Consumer Driven Healthcare

As an HSA owner, you are allowed to make deposits into a special account that has the most tax-favored status of any investment account, including Roths, 401ks, SEPs, IRAs, or anything else*. You have lower taxes, and lower health insurance premiums.

In the next twelve months we are predicting an additional 5 million people will obtain HSA plans. This many people paying for their own minor medical bills will force medical providers to finally compete for our business. The power of the free market will cause prices to drop, and convenience and quality will rise.

So if you have friends, family, or business associates who pay for their own health insurance and are not yet aware of HSA plans, you can let them know right now.

Give us their contact information and we'll send them a free copy of our special report, "**The Complete Consumer's Guide to HSAs**," along with a free **Customized HSA Quote**, analyzing the best available plans for their needs and in their zip code. Oh, and if they sign up for a health insurance plan, we'll send you a \$50 gift certificate to Outback Steaks or Starbucks...

*HSAs are said to have a triple tax advantage because you get a deduction when you make a deposit, the money grows tax-deferred, and your withdrawals are tax-free if used to pay for qualified medical expenses.
